## THE ATV COACH *By Equinox*

Travel safely and comfortably with the whole family on your outdoor summer adventures. The ATV Coach is the first innovative passenger unit designed for the ATV market. The polyethylene body seats 2 children or 1 child and 1 parent comfortably. It comes equipped with seat belts, running and brake lights for your safety. The ATV Coach uses a gas shock suspension with 18" knobby tires to make your riding pleasure more enjoyable. The ATV Coach has additional options like seat cushions, storage rack, and a transport cover.

# THE ATV AEROTOW *By Equinox*

The Aerotow is our newest passenger unit with an aerodynamic body style that offers comfortable seating for two adults. The ATV Aerotow can be pulled behind your ATV and has an optional snowmobile conversion kit.

The ATV Aerotow is equipped with a custom interior and lumbar support that provides total passenger comfort for two adults. The large door assembly and removable top allows for easy loading. The large 10 cubic foot trunk allows you to haul extra gear when you need it. The ATV Aerotow has a taillight, reflectors, and seat belts installed to provide additional safety for your passenger(s). The fiberglass body is finished with a high durable Gelcoat finish, which is easy to maintain and comes in five different colors.

Plenty of storage available in the trunk space

## THE OX *By Equinox*

The Ox is in a class by itself - there is nothing on the market like it. This tough and rugged trailer features a one-piece double walled constructed body. The tilt frame is made of a heavy duty 1 1/4" steel that's powder coated to resist scratching and corrosion. The Ox's 24" clearance allows you to go anywhere your ATV goes. The Ox rides on 22" Knobby flotation tires running on high-speed tapered roller bearings.

To increase its versatility and cubic capacity you can add the optional extension rails and fuel rack. The fuel rack allows you to carry an additional 5 gallons of fuel for those long trips deep into the woods. The Ox is extremely versatile whether you're working on the farm or just playing around.

### **SPECIFICATIONS:**

Load Capacity:	1500 lb.
Cubic Feet:	15 Cubic Feet (30 Cubic Feet with Extension Rack)
Outside Dimensions:	59"L x 43 "W x 12 "H (add 12" for Extension Rack)

### **FEATURES:**

- High speed tapered roller bearings
- Greasable wheel hubs
- 22" Knobby flotation tires
- Tipper Latch for dumping
- Polyethylene body
- 1 1/4" steel frame that is powder coated black
- Removable Tail Gate

## ACCESSORIES:

- Extension racks
- Fuel Saddlebag
- Greasable dust caps

- Canvas Cover

(Black or **MOSSY OAK**  
Camouflage)

# Explorer XL2

By Equinox

## THE EXPLORER XL2 *By Equinox*

The Explorer XL is our newest member to our line of ATV Utility trailers. The sheer size of this trailer makes it ideal for pulling with an Argo or Utility vehicle. The Explorer XL is designed for hauling those larger payloads. The frame is made of a heavy duty 1 1/4" steel that is powder coated to resist scratching and corrosion. Whether it's hauling bales on the farm or gear in the woods, the Explorer XL is there for you.

### **SPECIFICATIONS:**

## THE ATV RESCUE *By Equinox*

The most advanced, remote-rescue unit available to the ATV market today. The ATV Rescue unit is a roto-moulded body, front canopy, and bench seat making this unit strong, lightweight and easily towed. The front canopy and bench seat are easily removed for full access to the patient.

A superior suspension and 2" ball coupler provides a high level of patient comfort. The ATV Rescue unit has the option of converting into a ski rescue unit giving you year round use. Equinox also has available ferno aluminum stretchers, which have an adjustable backrest and a shock position feature. This allows for safe and secure loading and unloading of the patient. Also available from Equinox are polyethylene backboards, and a canvas cover.

### **SPECIFICATIONS:**

Outside Dimensions: 103" L x 34 1/2" W x 16"  
Hitch Style: 2" ball coupler  
Colors: Body - Blue or Black  
Front Canopy - Red or Orange  
Bench - Red or orange  
Shipping Weight: 460 lb.

### **FEATURES:**

- High speed tapered roller bearings
- Greasable wheel hubs
- 18" Knobby flotation tires
- Polyethylene body
- 1 1/4" steel frame that is powder coated black
- Seat belts

### **ACCESSORIES:**

- Back board
- Stretcher
- Ski conversion kit
- Sleigh conversion kit
- Greasable dust caps
- Canvas cover

# THE Li'l BULLY *By Equinox*

The Li'l Bully is Equinox's garden utility trailer. Its lightweight makes the Li'l Bully a versatile trailer to be pulled behind your small garden tractor or lawn mower. The Li'l Bully features a roto-moulded one-piece polyethylene body. It also comes with a standard tilt feature for easy dumping. The frame is made of a heavy duty 1 $\frac{1}{4}$ " steel that is powder coated to resist scratching and corrosion. The Li'l Bully is equipped with 18" turf tires. Your Li'l Bully can easily convert into a cargo sled, allowing you to harness the power of your snowmobile. The Li'l Bully offers you great value and flexibility for your hard earned dollar.

Sleigh conversion
